you can just ban him if he posts anything bad

**acerthorn** 07/30/2021  
I want to trick him into giving me a means of tracing him, so I can sue his sorry ass.

He's been harassing and doxxing me for several months now. I want to sue him to get him to stop. But I need to find his real name and address to do that. For what it's worth, I've currently got a detective on the case. If that PI can give me his real name and address, I'll lower the discord server security then.

if he's doxxing you, he can still send the info in the DM's of members

Well, I'm hoping to at least trick him into giving me a means of tracing him.

 @acerthorn Now, if he joins one more time, I'll be able to trace him.
